ADOPTION INFORMATION

REV. 4/5/2004

Animal Heartline seeks to find loving, permanent homes for the animals in our care. When you adopt an animal from Animal Heartline, you are giving that animal a second chance on life. Your adoption donation helps pay for the care animals receive before adoption: spaying or neutering, necessary vaccinations, tests, and treatments for any medical concerns, food and shelter. After the adoption, it is your responsibility to give a loving home for the rest of the animal's life.

- You must be 21 years of age or older, with proper proof of age.
- Current identification must show your correct address and telephone number. If you are currently renting or reside in a condo, you must show proof that you are able to keep a pet on the premises.
- All members of the household must be present for adoption.
- If you are adopting a feline, you must bring an animal carrier with you.
- Your family must be willing to allow an authorized representative of Animal Heartline to make an adoption follow-up, either in person or by telephone.
- Spaying or Neutering of pets adopted through Animal Heartline is required, if the animal is not already altered.
- When adopting a pet from Animal Heartline, a legally binding and enforced contract must be signed.
- If at any time you are unable to keep the pet, or unable to provide it with proper care, it **must** be offered back to Animal Heartline before making other arrangements.

ADOPTION FEES

Adult Cat (over 1 year)	\$90	Kitten (under 1 year)	\$100
Adult Dog (over 1 year)	\$100 - 150	Puppy (under 1 year)	\$150 - 250
